

INVITATION: GROUPS AND COMPANIES SEEKING INVESTORS

Organic and Printed Electronics is a market that will be growing to a multi billion dollar industry within five years - namely due to the creation of new markets and by going beyond conventional electronics making use of principal advantages of organic electronics like flexibility, large-area, robustness, cost and integration possibilities.

APPLICATION SCENARIOS OF THE PRESENTED BUSINESS OPPORTUNITIES ARE:

- Photovoltaics
- Lighting
- Displays
- Electronics
- Smart integrated systems

with the use in smart packaging, consumer electronics, textiles, and a lot of other areas, providing new opportunities for materials, equipment, products and services.

Companies involved or intending to be involved in the organic and printed electronics value chain should attend the **LOPE-C Investor Forum**. You will meet venture capital firms, strategic investors, business angels, and incubators at the forum. Time for one-on-one discussions is reserved during the investor forum.

The event is organized and initiated by the [OE-A](#) (the international industry association for organic and printed electronics) with the support of the European Commission. It is the premier non-commercial and must-attend forum for investors and companies seeking investment in organic and printed electronics.

This optional event is positioned in the heart of LOPE-C in between the Business Conference and the Main Conference.

WHO SHOULD ATTEND:

- Start-ups
- Research groups looking for seed investment
- Companies looking for the next financing round

Investors will get a brief overview of the European "opportunities" and short presentations from a variety of companies and groups seeking financing.

The co-location of the Investor Forum with the LOPE-C exhibition and conference provides the perfect environment and opportunity to get broad and first-hand information on the latest applications and technologies. Discuss business opportunities with the leaders in organic and printed electronics at LOPE-C!

TICKET FEE:

- Free for presenting companies
- Others: 110 Euro, Investor Forum only (includes ticket for the exhibition on June 1st)
- Access to Investor Forum is included in the Business Conference ticket price
